## **Correcting Player Career Ids**

If you have Web-Synced stats in previous seasons, DakStats need to keep the Player IDs the same in each season in order to compile career statistics. This process is generally done automatically when you synchronize for the first time in a season. The following steps will assist you in correcting errors and matching Player IDs if an error was made during the automatic process.

1. To start the Web-Sync, click File | DakStats Web-Sync.
